

2023 AGM

Our LIFE team created, planned and hosted our first in person AGM since 2019 and what an amazing day it was! On June 3rd with 65 people in attendance we gathered in Winnipeg to celebrate the 30th anniversary of the *In the Company of Friends* funding model with an undertone of wellness as our overall theme.

Our team is comprised of creative, strong and talented people who work hard to ensure people have a great time at our AGM, learn something new and leave feeling content. We worked together to share what our idea of wellness means under 6 different themes and finished the day painting a beautiful mosaic. Each person contributed by painting, a tile that fit in the mosaic resulting in this beautiful image.

We also honored 7 ICOF Employers who have chosen ICOF since its inception in 1993. Our Executive Director, Patti and Board Chairperson, Leslie offered congratulations, a plaque and gift to each of the 7 people in attendance. For those who could not attend, they were acknowledged as well. We also watched a wonderful video highlighting all ICOF Employers.

During the AGM business, reports were shared from our Treasurer, Executive Director, Chairperson and Nomination and Possibility Grant representative.

It was a magic day and our team was grateful to have everyone together in person. Hope to see you next year!
